

Written Exam Economics winter 2025-26

Programming for Economists

January 17 to January 19

This exam question consists of 7 pages in total

Answers only in English.

A home assignment exam paper cannot exceed 10 pages – and one page is defined as 2400 keystrokes

You should hand-in a single zip-file named with your groupname only. The zip-file should contain:

1. A general README.md for your portfolio
2. Your data analysis project (in the folder 01_dataproject)
3. Your model analysis project (in the folder 02_modelproject)
4. Your exam project (in the folder 03_examproject)

Use of GAI tools is permitted. You must explain how you have used the tools. You are required to complete the GAI declaration and upload it as an attachment when submitting your assignment. If you do not submit the GAI declaration, your exam submission will be rejected, and you will have used an exam attempt.

When text is solely or mainly generated by a GAI tool, the tool used must be quoted as a source.

Be careful not to cheat at exams!

Exam cheating is for example if you:

- Copy other people's texts without making use of quotation marks and source referencing, so that it may appear to be your own text
- Use the ideas or thoughts of others without making use of source referencing, so it may appear to be your own idea or your thoughts
- Reuse parts of a written paper that you have previously submitted and for which you have received a pass grade without making use of quotation marks or source references (self-plagiarism)
- Receive help from others in contrary to the rules in the Faculty of Social Science's common part of the curriculum

You can read more about the rules on exam cheating on your Study Site and in the Faculty of Social Science's common part of the curriculum.

Exam cheating is always sanctioned by a written warning and expulsion from the exam in question. In most cases, the student will also be expelled from the University for one semester.
